Important Note

- Do not use other water than allowed by the laws and ordinances of the region of use. Only use portable water.

Do not use seawater or recycled water.

- This is an electrical product. Do not install it anywhere water is likely to get on the product or anywhere with humidity high enough that water is likely to form on the surface of this product. When using the product in a bathroom, install a fan or ventilation port and ensure good air flow through the bathroom.
- If the controller is not being used over a certain period of time, the batteries in the controller are highly recommended to be removed. Batteries in the remote controller are recommended to be replaced on a yearly basis.
- The following factors may affect IR signal strength and top unit operation: product and remote control location, room size, shape, construction materials, and degree of darkness (color) of ceiling and walls.

TOTO Benefits & Technologies

	TORNADO FLUSH	TORNADO FLUSH not only cleans more effectively, it does so quietly using less water. Powerful streams of water merge and swirl 360 degrees, washing every spot inside the RIMLESS toilet bowl.
	RIMLESS	The RIMLESS design not only leaves no place for waste and germs to hide. It also makes for a much easier to clean toilet.
	CEFIONTECT	CEFIONTECT is an ultra-smooth ceramic glaze that coats the toilet bowl. Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.
	AIR-IN WONDER WAVE	AIR-IN WONDER WAVE is a technology that uses air rich water droplets to produce a more comfortable washing sensation and deliver more thorough cleansing with less water consumption. Even more, water is warmed instantly as needed, so you need never worry about running out of warm water.
	EWATER +	EWATER+ washes the wand and toilet bowl where waste and bacteria tend to accumulate and produce stains that can become permanent. Using no chemicals or cleaning agents, EWATER+ provides peace of mind every day that microscopic bacteria has no place to hide.
	WATER SAVING	Save water by offering half/full flush options.
	AUTO OPEN/CLOSE LID & SOFT LIGHT	Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed. Auto Soft light function usable for night time usage.
	DEODORIZER	Highly effective deodorizing automatically takes places inside the toilet bowl both during and immediately after use, leaving no disturbing odors.
	HEATED SEAT	The moment you approach the toilet, the seat begins warming to a comfortable temperature.
	WARM AIR DRYING	Fully equipped with comfortable rear, front and oscillating cleansing and drying functions.
	PREMIST	PREMIST automatically sprays water over the surface of the inner toilet bowl before every use. Due to the ceramic's hydrophilic nature, waste washes away more easily.
